Workshop

Center for Learning Connections presents....

## Payne Learning Needs Inventory (PLNI) Training

*Never before offered as an open session*

January 26 & 27, 2012 | 8:30am - 4:00pm | 2100 Building | 2100 24th Ave. S. | Seattle, WA 98144

*Who should attend? Secondary and post-secondary teachers and faculty, disability and rehabilitation coordinators and counselors, social workers and case managers, psychologists and mental health counselors, human services providers, workforce and career specialists, human resources personnel, job coaches, and trainers*

This workshop will provide participants with a brief foundation of the definitions, manifestations and characteristics of learning disabilities, attention deficit hyperactivity disorder, and related non-apparent disorders common to individuals who have or are thought to have special needs. Training will focus on how to administer and review the results of the Payne Learning Needs Inventory (PLNI). Using sample cases, participants will become practiced in using the PLNI and summary protocols including identification of methods, techniques and accommodations that lead to effective counseling, training, teaching, and/or working methods. Additionally potential resources and referrals will be presented.

### LEARNING OBJECTIVES:
